TO THE WEST! TO THE WEST!

Before making your arrangements to follow the advice of the "thousands who have already gone," it would be well to consider what has been done to make the journey to your "Homes in the West" as pleasant and free from danger as human skill and foresight can accomplish.

By consolidation and construction, a road has been put into operation on the shortest possible line from Nashville, Tenn., to St. Louis, "the future great City of the world." This line, the

ST. LOUIS & SOUTHEASTERN RAILWAY,

has, during the past year, earned an enviable reputation by its smooth track, prompt time, sure connections, and the magnificence of its passenger equipment. Its trains are made up of new and commodious day cars, provided with the celebrated Miller coupler and platform, and the Westinghouse air-brake.

It is positively the only line running Pullman Palace Drawing-Room Sleeping Cars through without change from Nashville to St. Louis. No other line pretends to offer such advantages, either in distance, time, or equipment. Why, then, journey by circuitous routes? Do not be induced to purchase tickets to St. Louis or the West by any other line, remember that

The "St. Louis & Southeastern"

is the shortest, cheapest, quickest, best and only line under one management from Nashville to St. Louis, and is from 60 to 200 miles the shortest to St. Louis, Kansas City, Omaha, Denver, California, Texas, and all western points. It is also the "Chicago Shortest Line," via Evansville.

You can secure the cheapest rates for yourselves and your movables on application, in person or by letter, to CHARLES McCABE, Southern Passenger Agent, near College street, Depot, Nashville, Tenn., or to the undersigned.

General Ticket Agent, St. Louis.

NEW ADVERTISEMENTS.

THANKSGIVING PROCLAMATION.

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
Raleigh, October 22d, 1873.

WHEREAS, The people of North Carolina have been abundantly blessed during the past year, and the earth hath yielded bounteously of all the products of its soil so that the garners of the husbandman are filled to overflowing; and the industrious mechanic has realized a rich reward for his labor, and every class of our population prospered in all laudable enterprises; and WHEREAS, above all, fraternal feelings and good will have in a great measure been restored in our midst, and no plague, pestilence or famine, has visited our State: Now, therefore, as it becomes us, a grateful people, to render thanks to Almighty God for these and numberless other blessings showered upon us in His great mercy, I, Tod R. Caldwell, Governor of North Carolina, in obedience to law and in conformity with an honored precedent, do appoint and set apart

Thursday, November 27th, 1873,

as a day of public Thanksgiving throughout the State; and I do earnestly invite the clergy of every denomination to open their respective houses of worship on said day, and to exhort their congregations to humble themselves before the throne of the ever living God, and render unto Him praises which are justly due, invoking for themselves, their State and their whole country, His guidance and protection throughout all time to come.

"O come, let us sing unto the Lord, let us make a joyful noise to the Rock of our salvation."

"Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms."

Done at the city of Raleigh, on this the 23d day of October, Anno Domini one thousand eight hundred and seventy-three, and in the ninety-eighth year of American Independence.

The Elections.

It is very doubtful whether the Democrats take much comfort in the election results, though to some extent, that party had success. Their cry has long been that the country was on the high road to imperialism; that the despotism of the administration was preventing any expression of opinion save what was favorable to its own political faith, that when all their assertions and predictions are falsified, they must surrender. They have had nothing for many years, to take a position upon, except that the Republican party was composed of tyrants as leaders, and slaves or victims in the ranks; and now it is demonstrated that the people of the country are free to vote for whom they please, what can the Democracy do? A new departure must be taken, and the question for them is, what shall this new departure be.

There is much doubt whether the elections, though not entirely favorable to the Republican organization, can be construed as a democratic victory. The opposition camp is now a sort of a cave of Adullam, where all who are discontented, or weary of living under the discipline of law are congregated. The immediate causes which have brought about this motley gathering are many, but a narrow selfishness enters into all. The Democratic party alone, is in a great minority, it cannot carry more than four States, and its days are numbered. Whether it is at the head or tail of the opposition cannot be ascertained. Certainly if it is at the head, it has a lot of very insubordinate followers, and it would not descend from the high position it has occupied to bring up the rear.

The farmers' movement in the West owes its success to local causes, which must from the their very nature soon disappear. The Kansas Legislature is claimed to be opposition; but it is almost certain that a Republican will be sent to the United States Senate by that assembly in the place of Caldwell.—There is not enough political opposition in the Northwestern States to override the Republican party in a single one of them. In those States the political opposition is democratic, and the sentiments of the masses are in too much hostility to the very name of that party to again ever intrust it with power.

But Virginia and New York! Look at the latter Sate, democratic by fifteen thousand majority! howls the enraptured opposition. Can it be truly said that a State is committed to a political party, which elects a legislature opposed to that party? The majority in the General Assembly of New York is at least ten for the Republicans, which secures the election of a good man and true to the Senate in the place of Mr. Fenton. As for Virginia, as the Republican vote polled in that State was light, a close guess may be made how it so fell out. To offset that State we will mention Mississippi.

The time will necessarily come when a party beside the Republican, having more than a local habitation, and a name also, will exist in the country.—What the principles of that party will be, cannot be foretold. Who will be selected for its leaders is not now known. But it is certain that if it aspires to success it must have something to assert for itself besides the corruption of the opposite party. Generalities in politics will never bring victory to the party indulging in them. Something substantial, something tangible, must be proposed to the people before their endorsement can be obtained. Pretenses of purity will not impose upon men whose votes are free. Nor will politicians who have broken with parties which they once held office in, be accepted as leaders.

A singular fact to be taken in connection with the growth of republican ideas in Europe is that in London, every morning paper, except the *Standard*, is opposed to the restoration of a monarchy in France. It is evident that in the abstract a government of the people in name as well as in fact is desired by the most intelligent Englishmen, and this opportunity to express this preference is irresistable. The prejudice in favor of Kings seems to be wearing away.

The Denver *News* gave, a short time ago, an account of a raid of "three hundred clergymen" on the frontier "carrying their scalps and plunder with them." It meant three hundred Cheyennes.

EDITORIAL BUDGET.

—Chili is beside herself with excitement over the discovery of rich beds of silver ore in the desert of Itacana, a few miles north of Charnaral. The surface ore assays from fifty to ninety per cent pure silver, and people are flocking to the new diggings in great numbers.

—The Wason Car Company, of Springfield, shipped, on Monday, ten of the Texas and Atlantic refrigerator cars—the first shipment of an order of fifty cars for that road. The ice box in these cars is on the top, and is about fifteen inches high, four feet wide, and extends the whole length of the car. Inside the car there are racks for hanging meat, and shelves for holding small articles. The sides of the car are built after the regular refrigerator pattern.

—A railroad war commenced at Rutland, Vt., on Tuesday between the Harlem Extension Company and the Delaware and Hudson Company. It seems the latter are compelled, in order to get to their engine house, shops, and yard, to run a few rods over the track and land of the former. The Harlem Extension Company claim that the Delaware and Hudson Company have been discriminating unjustly on the freight of their road, which has been transferred to the latter, and could get no redress. This and other grievances made them give notice to the Delaware and Hudson Company that they could not pass to and from their engine-house and yard any longer over their track. This notice was followed by the blockade of the track by a train of cars.

Necessity is the mother of invention, and a hundred devices are now in vogue in England to meet the difficulties consequent on the high price of butchers' meat. Prominent among these is rabbit culture. A number of places have lately been started for this purpose in London, and they are said to be paying very well. At these places rabbits are being bred in large numbers, and if they increase at their present rate they will make an appreciable addition to the food of London.

Lately the first annual show of the Metropolitan Rabbit Association was held in the same city, when there was a numerous collection of rabbits exhibited. They were generally what is known as the long-eared breed and the size and weight of nearly all the specimens exhibited were extraordinary. There was no rabbit in the show less than eight pounds in weight, and two of them weighed respectively eleven pounds four ounces and eleven pounds. The first prize was awarded for a rabbit five months old, and weighing ten pounds. This animal's ears were 25⅞ inches long and 6¼ inches wide; and it should here be stated that a few days before the show it was purchased for breeding purposes for the large sum of £20. The second prize was awarded for a rabbit eight months old, and weighing ten pounds ten ounces. Its ears were 23¾ inches in length and 5¾ inches in width. During the exhibition the Chairman of the association addressed the company assembled, and, referring to the present high price of meat, stated that the association had been mainly established to encourage the breed of rabbits, which could be largely and profitably produced and reared. He urged the desirability of a wider and more extended production of rabbits as an article of animal food at a time like the present, when beef and mutton were beyond the reach of large portions of the population.

STATE ITEMS.

The Legislature of North Carolina will assemble on the 17th inst.

The panic don't prevent Wilson, N. C., from having a new bank building.

Four thousand persons were in attendance at the Friends Yearly Meeting at Spring Garden, Forsythe county, last week.

A young man in Raleigh wants a wife and sensibly advertises for one, and says he means business. A widow preferred.

The Charlotte Fair, which commences on the 25th inst., promises to be a success. The grounds and buildings are in complete order.

The Raleigh *News* has been promised certain extracts from the speech of Senator Ransom made at the Weldon Fair, which will be published for the special delectation of its lady readers.

The Raleigh *Sentinel* publishes at length the article which appeared in the Post a few days ago concerning Mr. Geo. L. Mabson. This is *another* long stride towards peace and comfort in our midst.

Says the Charlotte *Observer:* "We learn from Capt. J. C. Andrews, the gentlemanly agent of the Atlanta and New Orleans Short Line, that, at a meeting held in Atlanta on Friday, arrangements were perfected by which a through passenger and mail line will be run between New York and New Orleans. Under this arrangement, all trains will connect closely, and passengers will not be placed under the necessity of laying over. The new arrangement will go into effect on Sunday next."

WHICH IS THE BEST!

Which is the *best* Sewing Machine, is a point on which different Companies differ, each, of course, thinks *its own* the best, but if the point were to be decided by *popularity* the Howe Machine would surpass all others. It is a noticeable fact that the Howe Company has

SIX HUNDRED THOUSAND

of their Machines in use although having existed but *six* years, while the Company which claims to have most in use, has only about *twice* that number, though having existed for *twenty* years.

Until the year 1866, ELIAS HOWE, JR., the

ORIGINAL INVENTOR OF SEWING MACHINES,

did not manufacture, but was content with receiving the royalty which all Sewing Machine Manufacturers had to pay him for the use of his Patents. A sample of each Machine was sent to Mr. Howe before a license could be obtained. Constant study upon them enabled him to avoid the defects of each and improve upon the excellences of all. This fact explains the

WONDERFUL DEGREE OF PERFECTION

to which Mr. Howe brought his latest pattern of Machine, without which advantages such a result could not have been achieved. These facts should be borne in mind by all who intend to purchase a Sewing Machine. As the purchase of a Machine may be the act of a lifetime with some, care should be taken to

PURCHASE ONLY THE LATEST AND BEST.

W. D. Goodrich,

On Market Street Near Third,

WILMINGTON, N. C.,

offers the Howe Machine on such *easy terms* that no one need longer have an excuse for doing without a Sewing Machine.

☞No pains or expense spared to give thorough satisfaction to every customer.

SUSPENDED.—Police John Statue, who was on the block on which Messrs. Sol. Bear & Bros. establishment stands, was suspended this morning per order of the Mayor.

THE balky horse attached to a sewing machine wagon attracted much attention this morning. He performs well, can sit down the longest of any horse in town, stands on his hind feet very gracefully and takes more whipping than any horse we have ever seen.

BR. BARQUE ELIZABETH KNOWLES.—The hull, spars, sails, rigging, anchors and chains, boats, with everything attached, appertaining and belonging to the barque Elizabeth Knowles, of London, England, 212 tons, stranded at Tubb's Inlet beach, a few weeks ago, were sold this morning by Messrs. Cronly & Morris, auctioneer, to Mr. S. Bear, for $550.

A CANARD.—The report in circulation that a crazy woman in this city died of injuries received at the hands of those who had charge of her, proves to be a fallacy. Coroner Hewlett received information yesterday that the woman died suddenly, and that her death was caused by brutal treatment; this morning he ferreted out the matter and found that the woman died after being confined to her bed for two weeks.

RALLY, RALLY.—The Cape Fear Equal Rights Association will hold a meeting at the City Hall on Monday evening next, November 10th, 1873, at 7½ o'clock, to elect delegates to the Civil Rights Convention to convene at Raleigh on November 25th, 1873. All the members of the Club and friends of equal rights are respectfully invited to be present. The meeting will be addressed by Judge Cantwell, Geo. M. Arnold, H. Brewington, Hon. James Heaton, Hon. Geo. L. Mabson.

By order of the President,
R. H. LEAK, Sec'y.

THE TOWN CRIER.

— Coolish.

— Gold is 107¼.

— Pay day again.

— Money is *very* scarce.

— Mosquitoes still lively.

— Go to church to-morrow.

— Business dull, comparatively.

— Provisions are getting cheaper.

— There are a few chills yet in the city.

— The county advertises for proposals.

— 'Tis gloomy times, but we look for better.

— Best kind of weather for colds and coughs.

— There were 135 carts in market the past week.

— Read the Tremaine advertisement and be happy.

— When will the Water Works question get settled?

— Wilmington Lodge No. 219 does very fine work.

— A persistently balky horse attracted much attention.

— The driving is much more pleasant since the rain.

— Who is the next man to order the elegant artificial stone pavement?

— Why don't everybody have th r steaks like John's—round to Brother Lumsden's.

— Beware of pickpockets. There are several in the city, and have already commenced operations.

— A *Duck* of a compliment when Harry Webb sent his in, in the shape of the dearest little Blue Teal and Jelly—we thought so too.

— Major M. P. Taylor still takes risks. He has room for a few more in his policy shop. But then its an insurance policy and not to be shunned.

A SWINDLE.—A merchant of this city directed his correspondents, Swindell Bros., of New York, to draw on him the first of the present month for $65 78. As the draft did not come with the usual promptness of such demands the merchants surprise deepened into a just wrath at receiving a draft drawn by Sindall & Bros., and sent by express for the same amount. The signature was entirely different from his well known correspondents handwriting, and the imposition was readily detected. It is now a matter of conjecture how Sindall & Bros., obtained the letter of advice. Swindell Bros., were telegraphed to, who will no doubt be on the lookout for the perpetrator of the attempted *swindle*.

THE AGE OF PROGRESSION.—When we look at the wonderful and labor-saving inventions of the present age, and see the ways we have for doing work, we wonder how our ancestors got along with their daily toil with patience. The Steam Engine, the Telegraph, and the Sewing Machine, are the marvels of progress, and they look like revelations.—To them we are indebted to a moral and social revolution grander in effect than that of a thousand bloody fields of battle. "Peace has its victories as well as war," and one of the grandest triumphs won in the nineteenth century is due to the Sewing Machine. It is the blessing of the household, and the family's best friend. The name of the inventor, Elias Howe, Jr., is familiar to every ear in the civilized world, and his great invention is a more enduring monument of fame than sculptured marble or towering dome.

He was one of the few inventors who had the will to invent and to manufacture his own inventions. The immense factory which he founded at Bridgeport is the largest and best appointed sewing machine factory in the world; its floors alone cover an area of nearly four acres. Here are turned out daily six hundred standard machines perfect in all their appointments. These celebrated machines have long held the first rank over all first-class machines. The fame of the inventor, and the exact mechanism of his invention and improvements have brought it into universal use, and so great is the demand that, notwithstanding they are put upon the market at the rate of one per minute during ten hours of every day, the demand is greater than the supply.

Call at the office on Market street near Third and get *"one blessing"* for the household. It

The Grand Lodge of Masons of North Carolina will convene in the city of Raleigh on Monday, the 1st day of December next, being the 87th Annual Communication of that Lodge. This meeting will be one of great importance to Masonry in North Carolina, and it is believed and hoped that there will be a full attendance of delegates. The various railroads will pass delegates for half fare.

Board of Aldermen.

The regular semi-monthly meeting of the Board was held last night.

The ordinance concerning the piling of wood on the wharves was amended by making the penalty for a violation of the same a fine of $10 and imprisonment for each and every offence.

Proposition from the Wilmington Gas Light Company to furnish gas for 165 street lamps, or more, and furnish burners for the same, at $2 50 per month for each lamp, and for other public uses for the city at $3 per thousand feet, the contract to be for five years, was accepted.

Communication from Dr. C. H. Roberts, President Carolina Central Railway, relative to planking Nutt street, was referred to the Committee on Streets and Wharves.

Application from the ladies of the Society, for a continuance of assistance to the Ladies Concordia Society, was granted.

Application of J. D. Stanley for a reduction of the tax on his tar works foot of Castle street, was granted.

Application of L. Meginney, Rev. Daniel Morrelle, J. N. Hinton and Mrs. Laura Rothwell for remission of taxes on such of their property as is used for school purposes, was referred to the Finance Committee.

The Committee appointed to assess the damages and benefits accruing from the paving of Princess street, between Front and Water, reported as follows:

That the property owners pay one-third of the whole cost of said pavement;

That each property-owner pay in proportion to the number of frontal feet owned by him, the total amount so paid to be equal to one-third the cost of the whole, as follows:

	Feet.	Amount.
A. J. DeRosset	72	$ 52 56
Mitchell & Huggins	41	29 93
James Dawson	80½	58 76
First National Bank	106½	77 74
P. Murphy	157	114 61
Mrs. Margaret Davis,	114	83 22
Bank of New Hanover	42	30 66
Total,		$447 48

Proposition of Col. J. W. Atkinson, President of the Cape Fear Water Works Company, looking to a supply of water for the city, was referred to a special committee for report.

Petition of Rev. W. H. Banks, for use of City Hall two nights, for benevolent purposes, was granted.

The Committee on Streets reported that Nutt street had been opened, whereupon the Mayor was authorized to give the obligation of the city in favor of Sprunt & Hinson and Vick & Mebane for damages as assessed. Wilder & Martin's building was permitted to remain on Nutt street until January, 1875.

Report of Dr. A. E. Wright, Visiting Physician, relative to the City Hospital, was ordered placed on file.

J. A. Springer was allowed to erect offices with tin roofs, on his premises on Mulberry, between Front and Water streets. Request of same to be lay a rail track foot of Mulberry street was refused.

Petition of Rosenthal & Davis, to be allowed to sell merchandize on the corner of Front and Market streets, was not granted by reason of an ordinance to the contrary.

A resolution to increase the pay of the police force to $50 per month, was referred to Committee on Police for report.

The Auditing Committee were instructed to make quarterly examinations of the Treasurer's books.

A motion to dispense with the present detective force, was referred to Committee on Police.

Committee on Streets and Wharves asked for and were granted further time in the matter of Fourth street bridge.

The matter of lighting the street lamps was deferred until the first meeting in next month.

Gas lights were ordered for the corner of Princess and Eighth, and in Blount's Alley, and also on Church street, to take the place of kerosene lamps. A gas light was also ordered placed at the dock, foot of Chestnut streets.

The Mayor was authorized to replace kerosene lamps with gas as fast as pipes are laid in the different localities.

Petition of Mrs. O. L. Fillyaw for a reduction of taxes, was referred to the Finance Committee.

Petition of Wm. Kellogg, for abatement of taxes, was returned from the Finance Committee with the recommendation that no action be taken. Concurred in.

Petition of the Princess street assessors for pay for services rendered, was not granted.

Petition for a gas lamp on the north side of Market Dock, was referred to the Committee on Lights.

Adjourned to next Monday evening, 13th inst., at 7½ o'clock.

WHOLESALE ESTABLISHMENT OF S. BEAR & BROS. ENTERED—CROW-BAR USED TO PRIZE OPEN THE IRON DOOR.—Last night the wholesale establishment of Sol. Bear & Bros., was burglariously entered and despoiled of $11 in money which was left in the cash drawer over night, and a quantity of goods. With as large a stock as is carried by the Messrs. Bear it will be impossible to ascertain the amount of the loss in this direction. The store was entered through the back door, in the alley running through from Front to Water street. The door being iron it must have taken some time to prize it open and necessarily made noise enough to have been heard around the square; as soon as the entrance was effected the gas, which is always left burning, was turned out and the thieves under the cover of darkness went through the establishment, taking the finest goods in the house. The private watchman in the market house heard the money drawer ring, which is one of the patent bell drawers, when it was opened, but did not think that it could have been the bell to any of the drawers in the stores around him. We learn that a man stated that a boat, apparently loaded with goods, left the wharf at the foot of the alley about four o'clock, and went down the river, but how far he does not know. To us it seems to be a most remarkable circumstance that a large iron door could be prized open and the gas turned out without attracting the attention of the officer on the beat.

CINCINNATI, Nov. 8.

The clearing house committee of the banks of this city, to whom was entrusted the issuing of the clearing house certificates have asked to be discharged as the certificates have all been returned and by the committee cancelled and destroyed and the securities received have been returned to the parties depositing them. This closes up the arrangement by which the banks have made common cause to check the panic. In every way the management of the affair has been a success. Not a bank here having failed and only the sum of $450,000 of the clearing house certificates having been necessary to tide over the period of the panic.

PROSPECTUS.

THE EVENING POST.

J. C. MANN,

EDITOR & PROPRIETOR.

Published every evening, except Sunday, at

Five Dollars per Annum.

The POST is designed to reach all classes of citizens, and its subscription price is therefore placed so low as to be within the reach of all. It contains the

LATEST NEWS,

up to the time of going to press,

TELEGRAPHIC,
BY MAIL,
COMMERCIAL
AND LOCAL.

It should be in the hands of every man who desires to know what has transpired during the day, and, as it aims to give

RELIABLE INTELLIGENCE,

its publisher hopes it will prove a welcome guest in many families.

THE POST

is sprightly without being sensational, and it carefully excludes all objectionable incidents and reports calculated to offend the sensibilities of the most fastidious. As an

Advertising Medium

it claims to be first class. It has a good and constantly increasing circulation, and is read by almost every business man in the city.

Politically the Post is

UNSWERVINGLY REPUBLICAN.

Its editor having been a consistent member of that party since 1855, through its vicisitudes and triumphs, he claims to speak advisedly when advocating its principles. He is not, however an "extremist," and accords to others what he claims for himself, the right of free thought and of free speech.

THE ADVERTISING RATES of the POST, like its subscription price, are at liberal and at living prices, as an examination of them will show, and it bespeaks a share of public patronage.

THE EVENING POST

is closely identified with the local welfare of the Cape Fear region, and the believers in progress, whether

EDUCATIONAL,
AGRICULTURAL,
MECHANICAL, or
COMMERCIAL,

will find an enthusiastic ally in THE POST.

THE POST

is opposed to monopolies, but in favor of internal improvements, and a firm believer in the patronage and support of home enterprises and institutions.

It is closely identified with the interests of the Cape Fear section, and is

EMPHATICALLY A NEWSPAPER,

and will labor to merit the liberal support it asks.

Subscription price, $5 per annum, in advance.
